No employee shall give any student prescription medication, non-prescription medication, herbal substances, anabolic steroids, or dietary supplements of any type, except as authorized by this or other District policy.

**Medication Provided
by Parent**

The Superintendent shall designate the employees who are authorized to administer medication that has been provided by a student's parent. An authorized employee is permitted to administer the following medication in accordance with administrative regulations:

1. Prescription medication in accordance with legal requirements.
2. Nonprescription medication, upon a parent's written request, with a physician's order. Nonprescription medication must be properly and clearly labeled, include the manufacturer label, and be provided in the original container.
3. Herbal substances or dietary supplements provided by the parent and only if required by the individualized education program or Section 504 plan for a student with disabilities.

**Medication Provided
by District**

Except as required by law and provided by this policy, the District shall not purchase medication to administer to a student. Medications provided by the District include unassigned epinephrine, unassigned respiratory distress medications, and opioid antagonists.

The Superintendent shall develop administrative regulations addressing acquisition, maintenance, administration, and disposal of these medications in the District, as well as reporting, employee training, and emergency notification requirements. [See FFAC1(REGULATION)]

Epinephrine

This provision shall be applicable to each campus that serves students.

The District authorizes school personnel who have been adequately trained to administer epinephrine in accordance with law and this policy. Administration of epinephrine shall only be permitted when an authorized and trained individual reasonably believes a person is experiencing anaphylaxis.

Each applicable campus shall have at least one individual who is authorized and trained to administer epinephrine present during all hours a campus is open. "All hours the campus is open" is defined as, at a minimum, during regular on-campus school hours, and when school personnel are physically on site for school-sponsored activities.

Unassigned
Respiratory Distress
Medications

This provision shall be applicable to each campus that serves students.

The District authorizes school personnel who have been adequately trained to administer unassigned respiratory distress medications in accordance with law and this policy. Administration of unassigned respiratory distress medications shall only be permitted when an authorized and trained individual reasonably believes a person is experiencing severe respiratory distress.

Each applicable campus shall have at least one individual who is authorized and trained to administer unassigned respiratory distress medications present during regular school hours.

Opioid Antagonist

This provision shall be applicable to each campus that serves students.

~~On-Campus~~

The District authorizes school personnel who have been adequately trained to administer an opioid antagonist in accordance with law and this policy. Administration of an opioid antagonist shall only be permitted when an authorized and trained individual reasonably believes a person is experiencing an opioid-related drug overdose.

Each applicable campus shall have at least one individual who is authorized and trained to administer an opioid antagonist present during regular school hours.

~~Maintenance,
Availability,
Training, and
Reporting~~

~~Each applicable campus shall have at least two unused, unexpired opioid antagonist doses available.~~

~~All opioid antagonists shall be stored in a secure location and shall be easily accessible by individuals who are authorized and trained to administer an opioid antagonist.~~

~~The Superintendent shall develop administrative regulations addressing acquisition, maintenance, expiration, and disposal of opioid antagonists in the District, as well as reporting, employee training, and emergency notification requirements.~~

Psychotropics

Except as permitted by law, an employee shall not:

1. Recommend to a student or a parent that the student use a psychotropic drug;
2. Suggest a particular diagnosis; or
3. Exclude the student from a class or a school-related activity because of the parent's refusal to consent to psychiatric evaluation or examination or treatment of the student.

Medical Treatment

A student's parent, legal guardian, or other person having lawful control shall annually complete and sign a form that provides emergency information and addresses authorization regarding medical treatment. A student who has reached age 18 shall be permitted to complete this form.

The District shall seek appropriate emergency care for a student as required or deemed necessary and in accordance with the *Emergency Preparedness Handbook*.

Health Inventory

Each school shall have on file a health inventory of each student, which provides the history of the student's physical, mental, and emotional health up to the time of the student's enrollment in the District.
